

Industrial Workstations with Built-in LCDs

AD-6022A 5U Industrial Workstation with 12.1" LCD

The Perfect 14-Slot Rack Mount Computer with Built-in 12.1" LCD

Install this industrial computer in any standard 19" rack and you have a compact PC offering a front mounted CD-ROM and floppy drive behind a locking door for added security. It is available in both ATX as well as 14-slot versions to provide exceptional add-on board flexibility.

It's analog VGA input coupled with on-screen display makes setting up and changing system configuration quite easy. It is available with or without optional touch screen.
