

# Compact Desktop & Wallmount Industrial PC Solution

## AD-606 6-Slot Industrial Compact Desktop/Wallmount

ADEK's AD-606 is the ideal choice for industrial applications in which a small footprint is required. It offers your choice of PCI and ISA slots configurations and can be equipped a standard size power supply of up to 460 Watts for the most demanding applications.

It can accommodate one 3.5" floppy drive, one 5.25" CD drive and one internal 3.5" hard drive.

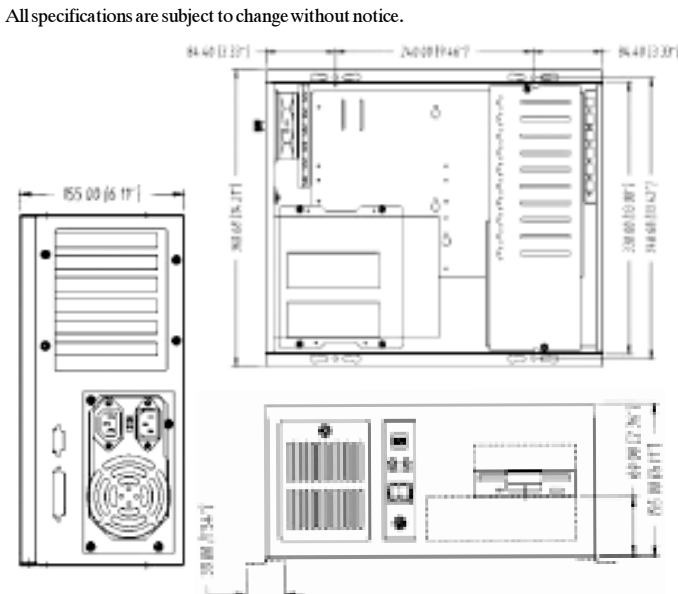

### Features:

- 6-Slot backplane in your choice of ISA and PCI configurations accepting full-length cards
- Shock and vibration protected drive bays
- Two external & one internal drive bays (External: 3.5" & 5.25", Internal: 3.5")
- Fan cooled (75 CFM) with washable filter to keep system cool and protect components from dust
- Accepts standard PS2 size power supply for cost-effective and flexible power requirements
- Front Panel: Power switch, reset switch, LEDs for Power On/Off and HDD activity
- Temperature: 0° ~ 50° C. (32° ~ 122° F.)
- Humidity: 10 ~ 95% @ 40° C, non-condensing
- Dimensions: 13" W x 6 1/8" H x 16 1/8" D (AD-606)
- Weight: 6.3 kg (14 lbs), case only

*The compact size of the AD-606 makes it a suitable candidate for areas in which space is at a premium. The AD-606 can be panel or wall mounted, or it can act as an industrial grade desktop computer. And, while it's compact in size, it is large enough to give you the power and the options you need for a variety of tough industrial and other applications.*

*This is a typical configuration providing Pentium IV power. The AD-606 is also available with Pentium III, Celeron, Athlon and other processors and components.*

*While the AD-606 is small in size, it is large enough to hold lots of power. You can order it with your choice of backplane offering a variety of PCI and ISA slot configurations.*
