

AD-608-10 Compact Mini-Tower & Panel Mount Industrial PC Solution

10-Slot Industrial Compact Mini-Tower or Panel Mount Computer

Available in a variety of PCI & ISA slot combinations, the ADEK AD-608-10 is the perfect compact computer. When used as a mini-tower, it is only 13" high and less than 7" wide, making it ideal for applications in which small size is important. It can also be used in either the vertical position and can be wall or panel mounted in either. It accepts a standard size power supply capable of delivering power for the most demanding applications.

Features:

- 10-Slot PICMG 1.0 or 1.3 backplane for ISA/PCI/PCI-X, PCI Express and other slot flexibility
- Accepts full-size add-on cards
- Three external & one internal drive bays (External: 2 x 3.5" & 1 x 5.25", Internal: 3.5")
- Large 120 mm fan with washable filter for exceptional cooling even in dusty industrial environments
- Accepts standard PS2 size power supply for cost-effectiveness and flexible power requirements
- Hold-down bracket keeps internal boards secure
- Two front-mounted USB ports (expandable in rear)
- Front Panel: Power switch, reset switch, LEDs for Power On/Off and HDD activity
- Temperature: 0° ~ 50° C. (32° ~ 122° F.)
- Humidity: 10 ~ 95% @ 40° C, non-condensing
- Dimensions: 13" W x 6 7/8" H x 16 1/8" D
- Weight: 7 kg (15.43 lbs), case only

The 10-slots provide exceptional expansion capability. The 608-10 can be used as a mini-tower or as a panel mount computer in either the vertical or horizontal position.
